*I thank God who planned us to live under His blessings, gave us His Son to remove all curses from us, and left us His Spirit to cover us with His robe of love.*

*To my brothers who live on Earth and to those who are yet to be born, on which I prophesy a life of holiness, peace and prosperity under the robe of God's Agape.*

This book gives us guidance and suggestions on how the words spoken with love and care by parents, especially by women during pregnancy, can prevent embarrassing and destructive situations in their children. We all know the strength of the words that come out of our mouth and how much they can encourage and build one's life or destroy our fellow men forever. So, if God created everything through His Word, He gave us the same power to create, to shape our lives and the lives of those we love by the power of the word that comes out of our lips. If the fetus which is in your womb is 'built' with love since now, he will be, later, a more harmonious and loving human.

This book provides suggestions for parents who want to experience the power of the *Living Word of God* in the lives of their children who are still to be born or need to be 'redone' to start having a life of peace, love, prosperity and blessing. Let's use the word of God to guide the meditation and then the Holy Spirit will put other words in your mouth so that you yourself may be a healer, a repairer of breaches and a builder of walls inside your own home. Here, I only set an example.

In case of the pregnant woman, put your hand on your belly in every step of pregnancy pronouncing the words of blessing from the Lord to 'shape' that month in the life of the child. For parents whose children have already been born and are going through a difficult phase of educating and disciplining them because of revolt or rebellion against them, try another strategy. Open the bible and ask one biblical verse to the Lord. Meditate on it and the content it brings and that may be related to the situation in question. Then, when the baby is sleeping, come very close to him slowly and talk the words guided by the Holy Spirit, softly, in relation to the one you've read. If any trauma

*“You are my son; today I have begotten you.” (Ps. 2: 7b)*

that is related to the period of pregnancy comes to your mind, treat it in your child through the word of God, asking forgiveness to your child, changing what you said, declaring your love and his father's on him, the security of God on his life and so on. Say what your heart boosts you to say. It's not necessary a long time for this but do it every day until you see a result. Surely, you'll have a positive result, because you will be speaking with his spirit and his unconscious without the barriers of his conscious mind. With love and patience, everything is solved. Remember that Jesus directs everything.

You can notice that the book ends with the Lord speaking to us (adults) like a father.

May God bless you always and you can be His instruments to build more stable and healthy families in the midst of His people. I love you in Christ Jesus.

## Twelve Days

The new being is already implanted in the uterus in the form of a cluster of cells which were divided from the zygote, a cell resulting from the union of the ovum and the spermatozoon. The mother often does not even know she is pregnant, because there has not been menstrual delay. From the seventh day of pregnancy, the blood test ( $\beta$  HCG) is already positive. After the period of menstrual delay and clinical detection of pregnancy she can be sure that this little creature of God is ready to be 'shaped' through her feelings and her words.

*“For it was you who formed my inward parts; you knit me together in my mother’s womb. I praise you, for I am fearfully and wonderfully made. Wonderful are your works; that I know very well...Your eyes beheld my unformed substance. In your book were written all the days that were formed for me, when none of them as yet existed.” (Ps. 139: 13-14; 16)*

“Baby, today we got very glad to know that you already exists and was given as a blessing from God for our growth as well, for through you we will learn to love in a more unconditional and less selfish way and we will have a chance to share with you the best we have to offer. It doesn't matter whether you'll be a boy or a girl; what matters is that Daddy in Heaven chose you to be born on earth at this moment of our lives and chose our family to welcome you. You don't have a human form yet, you are very small, only a tiny 'ball' of cells, but we already love you. Jesus is already writing a beautiful story for you: of peace, health, prosperity, love and joy, and that will make you overcome all the trials and challenges that come your way. We didn't think of a name for you yet, but we know you'll be a winner.”

## First Month

The internal organs begin to take shape. The arms and legs begin to be formed and also a rudimentary Nervous System: the Neural Tube.

*“Because you are precious in my sight, and honored, and I love you, I give people in return for you, nations in exchange for your life.” (Isa. 43: 4)*

“Sonny, today you complete one month old and I know that you look more like a human being. Have you thought how Daddy in Heaven cares about you? Among millions of genetic possibilities to form a new being, He allowed you to be born. He made the right combinations to make you unique among all the inhabitants of the world. You can feel very important, both for Him and for us, because in His eyes, you are very precious. Have you noticed that He cares for each of His children in particular, making them different from all others? I wonder what He is preparing for you! Certainly He is putting within you the right characteristics for the purpose He has planned for your life. Congratulations, baby! You are very precious to us all.”

## *Second Month*

The embryo is about 1.18 inches length and weighs 0.088 ounces. The mother may feel the pregnancy. It grows a few millimeters per day. From these eight weeks, it is no longer an embryo; it becomes a fetus.

*“Can a woman forget her nursing child, or show no compassion for the child of her womb? Even these may forget, yet I will not forget you. See, I have inscribed you on the palms of my hands; your walls are continually before me.” (Isa. 49: 15-16)*

“Sonny, I know you don’t still have a real awareness of what is happening around you, but I can imagine that your spirit can feel my emotions and the adverse circumstances around you, so don’t be afraid. Our Daddy in Heaven is taking care of everything for us. He will never forget you, nor will I. All we want is for you to feel comfortable and much loved. Your daddy here on earth is very proud of you and is already planning great things for you to do together. The best is already being prepared, so that when you are born, you can feel secure and welcomed by all of us.”

## Third Month

The fetus at three months (12 weeks) measures 3.15 inches and weighs 0.88 ounces. One can see the fingers and toes, head, external ears and eyelids; the organs are fully developed. The umbilical cord gets larger. The fetus moves freely in the amniotic fluid.

*“...You are my servant, I have chosen you and not cast you off...do not be afraid, for I am your God; I will strengthen you, I will help you, I will uphold you with my victorious right hand.” (Isa. 41: 9-10)*

“Sonny, do you know you are very dear to God? I can feel that you are becoming stronger every day, for He is helping us. No matter what happens, you will always feel safe. I know that you are becoming a perfect being, taking the form that the Lord gave you and everything in you is good and beautiful because it was God Himself who did it. If I said something that could have hurt or disappointed you, I’m sorry. Dad and I love you very much and we can imagine your beautiful little body and your gentle little face; we can barely wait to carry you in our arms and give you the love and affection that we already feel for you! We have made many plans for your life, have you heard? But don’t worry! When the time comes to choose your own way, God will help you. His sovereign will shall prevail and you will know, with absolute certainty, the correct direction to follow. Keep growing with health and strength.”

## *Forth Month*

The baby is 6.30 inches length and weighs 7.05 ounces. It is active; arms and legs move. All organs are formed and there follows simply a period of growth. The whole process of growth and maturity of the fetus takes nine months.

*“But now hear, O Jacob my servant, Israel whom I have chosen! Thus says the Lord who made you, who formed you in the womb and will help you: Do not fear, O Jacob my servant, my beloved, whom I have chosen. For I will pour water on the thirsty land, and streams on the dry ground; I will pour my spirit upon your descendants, and my blessing on your offspring.” (Isa. 44: 1-3)*

*“I will surely bless you and multiply you.” (Heb. 6: 14)*

“Did you see, baby? Today you celebrate the fourth month. I can feel you’re more active and willing to participate in family activities. How nice! I was reading the word of God today and found out that He has a great promise, not only for you but for your descendants as well. I can feel that the Lord is already releasing a great blessing for your entire life. He has everything planned and each step of your growth He will be by your side to help you walk. You will be a spring of life and joy for all of us. Dad and I will continue to pray for you and ask the Lord to protect you forever. Your path will be peaceful.”

## *Fifth Month*

It follows now the period of fetal growth.

*“See, I am the Lord, the God of all flesh; is anything too hard for me?” (Jer. 32: 27)*

“I’m glad, sonny! The ultrasound showed that you are perfect and that your sex is defined. I’m happy to hear that, because now I can call you by your name. Besides, did you like it? Dad and I chose it; it has a very beautiful meaning, showing that the greatness of God is already printed on it. I can imagine that you are fully formed: ears, arms, legs, finally, all organs. You must be very beautiful. How I desire to see you personally! What a wonderful thing, baby, isn’t it? God made you unique; there is no one like you. It seems that He Himself shaped you with His own hands and keeps you protected and saved. Everything is going very well, and I’m sure you’ll like our family very much. Do you look like me or daddy? Or you are a mingling of the two of us? Even if you look like us, deep inside you are a unique and special being; you have a special trait created by the Lord and that is your ‘trademark’ before men. Your flesh may have been born from us, but your spirit comes from God and that is wonderful; someone known only by Him and that came to complete us, to teach us and to be nursed and cared for us! We’ll be very good friends, baby.”

## *Sixth Month*

*“The Lord will guide you continually, and satisfy your needs in parched places, and make your bones strong; and you shall be like a watered garden, like a spring of water, whose waters never fail.” (Isa. 58: 11)*

“How are you today, sonny? You got a little restless with the people around you, didn’t you? But don’t be afraid of anything. Not everyone is so kind and tender. What matters is that you are safe here within and always will be, because the Lord will keep you from all evil. Don’t worry about those who do not want to grow, who have no faith, no love or kindness in their heart. It’s because they don’t have God really living inside them. The most important thing is to know that you have already been consecrated to Him by daddy and by me; so you will always be someone strong and determined, covered by His love and nothing shall touch or destroy you. When the right moment of your life comes and the Spirit of the Lord calls you by name, then, yes, you will know more clearly what I am saying. For now, be at peace and don’t be disturbed by anything. The hand of our God is upon us.”

## *Seventh Month*

*“Therefore say to them, Thus says the Lord God: None of my words will be delayed any longer, but the word that I speak will be fulfilled, says the Lord God.”  
(Ezek. 12: 28)*

“Did you see, sonny? The word that we read today assures us the promise of God over our lives. I saw a bunch of little kids on the street. Did you feel my joy? Soon I’ll see you running alongside them. I’m sure you will make great friends. It’s very good to have friends, you know? They comfort us when we go through hardships and share our joy too. Our friends are happy with your arrival. They already gave us clothes, toys and many beautiful things to make you feel supplied. Sometimes you move so much that I think you want to be born now. Just wait a little longer until the Lord complete what He started. You will be born on the day He has planned, in the right place with the right help and it will be wonderful.”

## *Eight Month*

*“The Lord appeared to him from far away. I have loved you with an everlasting love; therefore I have continued my faithfulness to you... And you shall be my people, and I will be your God.” (Jer. 31: 3; Jer. 30: 22)*

“Sonny, I want you to always remember that God’s love for you is endless, bigger than daddy’s and mine, and it is this love that protects you and will give you strength to the end of your life. Today I’ll talk a bit about how we should pray to the Lord. We should always open our hearts to Him and tell Him everything we feel; so we can be truly healed. The important thing is to be faithful to Him in all situations. We must not conform to the bad circumstances or bad thoughts that the world often makes us swallow. Rather, we must resist temptations and cling to the Lord, asking Him to deliver us from them, to be our support on earth and to help us forgive those who hurt us. Thus, we will be under His will and His love. He drew us with kindness; we are His people. Therefore, we can praise His name every day. We have a God, a Redeemer and a Shepherd. We are not alone.”

## *Ninth Month*

*“You shall suck the milk of nations, you shall suck the breasts of kings; and you shall know that I, the Lord, am your Savior and your Redeemer, the Mighty One of Jacob.” (Isa. 60: 16)*

“Sonny, are you ready? I think our time has come. It’s time for you to be born and show yourself to the world. The Lord has promised us victory and success and it will be so. Everything is already prepared. Come on! The great blessing on your life is that you will have food and help from many people; even whom you don’t know will be used by Him to help you. Here at home everything is also already prepared: love, food, joy, protection, education, discipline and prayer. Don’t be afraid, discipline is not punishment; it is a powerful weapon for us to survive in the midst of struggles. It is the Lord that gives it. Welcome, sonny!”

## Childhood

*“When Israel was a child, I loved him, and out of Egypt I called my son...Yet it was I who taught Ephraim to walk, I took them up in my arms...I led them with cords of human kindness, with bands of love. I was to them like those who lift infants to their cheeks. I bent down to them and fed them.” (Hos. 11: 1-4)*

“My love, I am very proud of you. You’re smart and have surprised us with your learning. You’re everything we expected and much more. In fact, you are a great blessing. All of us are happy with your progress. Your smile makes us happy, and your presence is a great gift from God to us. During your childhood we will be doing everything that is possible to pass on to you the divine truths, because with them in your heart there is no danger of straying later in the wrong ways. We are available to help you in everything you need, but we want you to understand that we’re not perfect and we make mistakes sometimes. When you feel sad with us, please notify us; so, we can learn together and find an answer to all our problems. Always remain obedient and cheerful. God bless you.”

## *Adolescence*

*“My child, do not forget my teaching, but let your heart keep my commandments; for length of days and years of life and abundant welfare they will give you.”  
(Prov. 3: 1-2)*

“Sonny, you have reached a very important stage in your life. You can not do anything without also learn that all the attitudes you take has a consequence, good or bad, depending on your choices. What we could teach you in childhood, we taught you. Now it’s time to start having your own experiences, but fear not. We will always be by your side to help you and instruct you. The Lord is with you; so, when we are not present to talk, remember that He hears you. Talk to Him and seek His direction and you will not make mistakes in your decisions. When you can, read the Bible. It will always be your guide. We love you and we’ll always be your best friends. Exchanging ideas with you is important to us, for it teaches us to reassess our way of thinking. May the Lord’s blessing continue on your life.”

*“You shall be hidden from the scourge of the tongue, and shall not fear destruction when it comes. At destruction and famine you shall laugh, and shall not fear the wild animals of the earth. For you shall be in league with the stones of the field, and the wild animals shall be at peace with you. You shall know that your tent is safe; you shall inspect your fold and miss nothing. You shall know that your descendants will be many, and your offspring like the grass of the earth. You shall come to your grave in ripe old age, as a shock of grain comes up to the threshing floor in its season.” (Job 5: 21-26)*
